MARQ Packaging Company
P.O. Box 9063
Yakima, Washington 98909

To MARQ Packaging Company:

I am writing on behalf of Swisher International, Inc. to express our satisfaction of the MARQ HPR-MF-G (*High Performance Random Case Sealer Medium Frame Top and Bottom*) we recently installed.

The Random Case Sealer was the solution to replace older equipment that often failed or jammed, causing us to keep a person at the end of the line to manually hot melt glue the unsealed cases that the equipment missed. Now that we have installed the MARQ Random Case Sealer, we've experienced a turnkey machine with consistent trouble free case sealing, which effectively eliminated our additional manual labor costs. We were in need of a random case sealer to increase uptime and seal every box consistently, and the MARQ Random Case Sealer was the ultimate product choice. As a matter of fact, we have since purchased a second machine to keep up with our factory expansion.

The sales and service personnel at MARQ have been very professional and helpful from the point of manufacturing the machine and meeting our specifications to putting the machine into service. I look forward to doing business with MARQ Packaging and my future automation needs.

Thank you,

Jim Stronski
Swisher International, Inc.
