To MARQ Packaging Company:

I am writing on behalf of WADA- VanOrder Potatoes, Inc. to express our satisfaction of the MARQ HPV-ZS (High Performance Case Vibrator) that we recently implemented at our facility.

The Vibrator was the solution to replace older equipment that often jammed, causing us to stop our production line resulting in decreased profitability. Now that we have installed the MARQ Vibrator, we've experienced a machine with consistent trouble free case vibrating, which effectively increased our productivity to a greater level. Our past experience with a MARQ Case Sealer has proven the "tuff" built high performance reputation, which confirmed our decision in purchasing the MARQ Vibrator.

The sales and service personnel at MARQ have been very professional and helpful in meeting our specifications and putting the machine into service. I look forward to doing business with MARQ Packaging should I have any future automation needs.

Thank You,

Chris Lloyd
